

## PIRMP Reviews

### Have Your PIRMP Reviewed By Experts

Under the Protection of the Environment Legislation Amendment Act 2011, holders of NSW Environment Protection Licences have an obligation to prepare and implement Pollution Incident Response Management Plans (PIRMPs) to help improve the overseeing of pollution incidents.

Legislation also requires your PIRMP to be reviewed and tested at least once every 12 months, and within one month of any pollution incident occurring.

### Why Use A Third Party?

A PIRMP audit of 30 licence holders conducted by the Environment Protection Authority (EPA), found that only one was fully compliant.

An independent review can ensure that your PIRMP is fully compliant.

*EnviroAg* has extensive experience in all aspects of EPA requirements. Our senior engineers, environmental scientists, and technicians have the expertise to help you create structured systems and a documented plan to integrate with your quality management scheme.

Contact **EnviroAg** today to discuss how we can assist you.
